

Loan

Upgrade Your Home with a
\$40,000 Interest-Free Loan

Improve your **insulation, windows, doors, and heating system**. Repay over **10 years** while saving on your energy bills

All in just **4 easy steps!**

Contact us today to get started!

01

Book your pre-Audit

Call us, a **registered service organization**, for your energy audit. You'll receive three reports, apply for the loan, and start the next step after approval.

02

Start your retrofit

After opening your application on the Loan website, you can start your retrofits and choose products that are eligible under NRCan guidelines.

03

Book post Audit

After completing your upgrades, ensure everything is properly installed, then call us to book your second audit.

04

Loan disbursement
